

# Carol

Matthew Sweet

I know everything  
Know you owe me nothing  
Back and forth we take the blame  
None of us should be ashamed

Sunny, funny friend of mine  
Got me everywhere I go  
Oh, oh, honey, please, please, please, please

Carol, every place and time  
We're sharing

Living in the trees  
You and I are tramps and thieves  
With nothing to believe  
What are we to sacrifice?

Sunny, funny friend of mine  
Comin' everywhere I go  
Oh, oh, honey, please, please, please, please

Carol, every place and time  
We're sharing  
The future, past and present ours  
Carol, every place and time  
We're sharing

Sunny, funny friend of mine  
Comin' everywhere I go  
Oh, oh, honey, please, please, please, please

Carol, every place and time  
We're sharing  
The future, past and present ours  
Carol, every place and time  
We're sharing  
The future, past and present yours and mine  
Carol  
The future, past and present yours and mine  
Carol  
The future, past and present yours and mine
