

# Come Correct

Matthew Sweet

No joke  
I see faces in the crowd  
You're a ghost that's haunted me  
Where it is not allowed  
I won't dance  
I don't jump at the chance  
Already know where you want me to go

No idea  
Where you should put your pain  
Some much of news  
There's almost nothing to gain  
Don't dance, don't dance  
Get your head out of the sand  
I don't wanna play in anybody's band

I can't fathom who you are  
I can't fathom what you see  
You're trying to perform a little check on me  
Come correct or I go insane

I won't budge  
You might have to bear a grudge  
I'm in my own way  
But baby, who are you to judge?  
A vampire  
Trying to glamour me  
Why should I care? Every life is unfair

No idea  
Where you should put your pain  
Some much of news  
There's almost nothing to gain  
Don't dance, don't dance  
Get your head out of the sand  
I don't wanna play in anybody's hand

I can't fathom who you are  
I can't fathom what you see  
You're trying to perform your little check on me  
Come correct or I go insane

Don't dance, don't dance  
Get your head out of the sand  
I don't wanna play in anybody's band

I can't fathom who you are  
I can't fathom what you see  
You're trying to perform your little check on me  
Come correct or I go insane

Don't dance, don't dance  
Get your head out of the sand  
I don't wanna play in anybody's band

I can't fathom who you are  
I can't fathom what you see

You're trying to perform your little check on me  
Come correct or I go insane

(No idea)

I don't know, I don't know, I don't know, I don't know

I don't know, I don't know, I don't know, I don't know

(No idea)

I don't know, I don't know, I don't know, I don't know

I don't know, I don't know, I don't know, I don't know
