

## Does She Talk?

Matthew Sweet

She's just your size  
She's sexy she's beautiful  
Does she talk?  
She's just your size  
She's sexy she's beautiful  
Does she talk?  
'Cause man you can't teach  
A slithering snake how to walk

Did she lick your palm  
To tell you your fortune tonight?  
Did she lick your palm  
To tell you your fortune tonight?  
You know sometimes it just isn't worth  
Putting up a fight, is it?

Gonna need you a key  
To open the door to her heart  
Gonna need you a key  
To open the door to her heart  
Or are you afraid her body is  
Missing that part?

Well, I can... you up the...  
You can... me up the...  
Alright

Well I can... you up the...  
You can... me up the...  
Alright

Because they took channel 23  
Off the air last night  
Down home

You're gonna like it  
You're gonna like it...
