

Haunted

Matthew Sweet

A chill came over me
Something in the mirror sees
Could it be in my head?
Is it all in my head?

I dreamed you're here with me
Underneath the apple tree
Take a hit, time will set you free
Days apart

Long gone love
Loving can't survive the cold
Haunted
Oh, oh, oh-oh, na

I heard a sound so true
Singing through the leaves of you
Could it be in my head?
Is it all in my head?

'Cause I felt you here with me
Even though I couldn't see
Take a hit, time will set you free
Days apart

Long gone love
Loving can't survive the cold
Haunted
Oh, oh, oh-oh, na

I've dreamed you here with me
Underneath the apple tree
Take a hit, time will set you free
Days apart

Long gone love
Loving can't survive the cold
Haunted
Oh, oh, oh-oh, na

Long gone love
Loving can't survive the cold
Haunted
Oh, oh, oh-oh, na

Long gone love
Loving can't survive the cold
Haunted
Oh, oh, oh-oh, na
