

My Ass Is Grass

Matthew Sweet

No fun, nowhere I can run
My ass is grass
Your light didn't show the way
My ass is grass

Come to a town where only ghosts are found
No fun, nowhere I can run
My ass is grass, my ass is grass
My ass is grass, my ass is grass

Your light didn't show the way
My ass is grass

No fun, nowhere I can run
My ass is grass
Your light didn't show the way
My ass is grass

Your light didn't show the way
My ass is grass, my ass is grass
My ass is grass, my ass is grass
