

# Nothing Lasts

Matthew Sweet

If one could stop time, or make it up  
If two could realize  
The best of luck  
If I could locate a God above  
And you only wanted to be loved

Then I'd try to hang on to the past  
But you know that nothing, oh no, nothing lasts  
Nothing lasts

It's time to move on  
Let the past go  
I've waited for you here  
But you never showed  
Although I asked you  
To let me know  
I only felt the cold wind blow  
While I tried to hang on to the past  
But you know that nothing  
Oh, no nothing lasts

Nothing's in your way  
Now you can stand right up and run  
Wouldn't even change things  
If you took back what you'd done  
I have tried to hang on to the past  
But I couldn't keep my grasp cause nothing lasts

Nothing lasts  
Nothing lasts
