

## Something Someone

Matthew Sweet

Please let me explain  
Eight days you've been gone  
Now back again  
Everybody you know  
Everybody you knew  
Everybody you will know  
Changed

I don't wanna close you off 'cause I'm still  
Open for the chance you might be here  
I could be open if my heart keeps growing fonder  
I could believe in something, someone

Eight days a week  
Can't tell them apart  
They're the same to me  
What are you gonna do?  
What are you gonna do?  
Do your wishes come true when you make them?

I don't wanna close you off 'cause I'm still  
Open for the chance you might be here  
I could be open if my heart keeps growing fonder  
I could believe in something, someone

I don't wanna close you off 'cause I'm still  
Open for the chance you might be here  
I could be open if my heart keeps growing fonder  
I could believe in something, someone  
Something, someone
