

# You Knew Me

Matthew Sweet

Won't you come back to me?  
Now I will never see  
My reflection in your eyes  
Won't you come back to me?  
I'll tell you everything

Take me away, don't love anymore  
Take me instead, I'm dead at the door  
Take me away, I can't love anyone but you

And nothing was meant to be  
That means we were always free  
And there's nothing we become  
Won't you come back to me?  
I'll tell you everything

Take me away, I don't love anymore  
Take me instead, I'm dead at the door  
Take me away, I can't love anyone but you

Take me away, I don't love anymore  
Take me instead, I'm dead at the door  
Take me away, I can't love anyone but you

I knew you, too  
Afraid of yourself  
Afraid of me  
(Take me instead) Afraid of myself  
(Take me away) Afraid of you  
(Take me instead) Afraid of yourself  
(Take me away) Afraid of me
