

# Be strong

Matthew West

Let's Go!

Yeeeeeeaaahh

Just like David, I'm facing a giant

Just like Jonah, I'm tempted to run

Just like Moses, I'm finding it hard to believe I'm your chosen one

Just like Daniel in the den of the lion, well all I can do now is pray

That you fill me up with your holy power

And give me the courage to say

I'm gonna be strong

And I'm gonna be brave

I'm gonna stand proud in the illuminating light of your grace

And I'm gonna be faithful

I'm gonna be true

I'm gonna press on through the valley as long as it leads me to you

I'm gonna be strong

Just like Peter in the eye of the storm, I've come to this moment of truth

I have chosen to step up my faith and believe you will carry me through

You put this piece in my heart and I know that I'll be alright

You remind me that all things are possible if I just trust you with all of my might

So I'm gonna be strong

I'm gonna be brave

I'm gonna stand proud in the illuminating light of your grace

And I'm gonna be faithful

I'm gonna be true

I'm gonna press on through the valley as long as it leads me to you

Oh you did not give us a spirit of fear

But of power of love and sound mind

You are calling us now to step up our faith and leave all the shadows behind

So I'm gonna be strong

And I'm gonna be brave

I'm gonna stand proud in the illuminating light of your grace

And I'm gonna be faithful

I'm gonna be true

I'm gonna press on through the valley as long as it leads me to you

I'm gonna be strong

I'm gonna be strong, yeah

Yes I'm gonna be strong

I'm gonna be

I'm gonna be strong

Hey, I'm gonna be brave

I've gonna be faithful

I'm gonna be true, Oh Oh!  
I'm gonna be strong
