

# Future Looks Good

Matthew West

(I don't know what the future holds  
But I know who holds my future)

Bad news on the TV  
Bad news on my phone  
I got bad news all around me  
Yeah, it won't leave me alone  
So, ask me why I got this  
Smile upon my face  
Well, the good news is the bad news  
Don't get the final say

I don't know what the future holds  
But I know who holds my future  
I don't know where the road may go  
But I know who makes a way  
Ain't no fire, ain't no storm gonna steal my hallelujah  
I don't know what the future holds  
But with You the future looks  
Good, good, good, so good  
The future looks good, good, good, so good

Well, I don't have all the answers  
Ain't much I've understood  
But I know I serve a God  
Who's working all things for the good  
So, when I need a soul reminder  
That You still do great things  
I just look over my shoulder  
And see how far You've carried me  
(And I say)

I don't know what the future holds  
But I know who holds my future  
I don't know where the road may go  
But I know who makes a way  
Ain't no fire, ain't no storm gonna steal my hallelujah  
I don't know what the future holds  
But with You the future looks  
Good, good, good, so good  
The future looks good, good, good, so good

I'm standing on the hope  
That soon I'll stand on streets of gold  
I'll hear the angels singing like the stories I've been told  
I'm gonna see the face of Jesus  
And fall down at His feet  
Singing holy holy holy  
For all eternity

The future looks good, good good, so good  
Oh, the future looks good, good good, so good

I don't know what the future holds  
But I know who holds my future  
I don't know where the road may go  
But I know who makes a way

Ain't no fire, ain't no storm gonna steal my hallelujah  
I don't what the future holds  
But with You the future looks  
Good, good, good, so good  
The future looks good, good, good, so good  
The future looks good, good, good, so good  
The future looks good, good, good, so good
