Hold You Up

Matthew West

Love is a blessing, Love is a vow
Love is the reason we're standing here now
The future before us, tomorrow's untold
But Love is the promise that whatever it holds
I will hold you, I will hold you up
I will hold you, I will hold you up

So give me your bad days, Give me your fear
Bring all your burdens, just lay them down here
Cause I'm not gonna leave you, when your world becomes a war
I'm staying in the trenches, cause you're worth fighting for
Cause I will hold you, I will hold you up
Yes, I will hold you, I will hold you up

And I will hold you up in victory
Watch your light outshine the stars
And when you're breaking down and weary
Just be weary in my arms

There will be trials, There will be tests
As hard as I'm trying for you, I'm human at best
But baby don't worry, if you should start to fall
Just cling to the one Love that's bigger than us all
He will hold you, He will hold you up
I know that He will hold you, He will hold you, He will hold yo
u up
He will hold you, I know I know I know, He will hold you up...
