

# Miracle Time

Matthew West

I've done all I can do  
I've cried all I can cry  
But this mountain still won't move  
And I've tried all I can try  
It's out of my hands now  
God, it's miracle time

The storms refuse to pass  
The stone's been put in place  
And the only hope I have  
Is that You still roll stones away  
So, I'm here on my knees  
'Cause God, it's miracle time

It's miracle time  
It's miracle time  
I'm lifting my eyes  
To the One who does impossible things  
It's miracle time  
It's miracle time  
I'm fixing my eyes  
On the One who does impossible things

There's healing in Your name  
There's resurrection power  
When the world says there's no way  
Oh, that's Your finest hour  
And I believe that I will soon see mine  
(Oh, God)

It's miracle time  
It's miracle time  
I'm lifting my eyes  
To the One who does impossible things  
It's miracle time  
Yes, it's miracle time  
I'm fixing my eyes  
On the One who does impossible things

This is my fiery furnace  
This is my lion's den  
This is my Jericho  
And this is where You step in

This is my giant falling  
This is my peace be still  
Jesus, You've never failed me  
And I know you never will

This is my Lazarus come forth  
This is my once was blind  
This is my part the waters  
Oh God, it's miracle time

It's miracle time  
It's miracle time  
I'm lifting my eyes

To the one who does impossible things  
It's miracle time  
Yes, it's miracle time  
So I'm fixing my eyes  
On the One who does impossible things

I'm talking about a miracle that the doctors can't explain (It's miracle time)  
A miracle that takes my breath away (It's miracle time)  
A miracle that makes me sing (I'm lifting my eyes)  
My God does impossible things (To the one who does impossible things)  
A miracle that we'll tell our children (It's miracle time)  
A miracle that goes down in history (It's miracle time)  
A miracle, oh you bet I believe (I'm fixing my eyes)  
My God does impossible things (On the One who does impossible things)

It's miracle time  
It's miracle time  
So I'm fixing my eyes  
To the God who does impossible things
