Untold

Matthew West

I am the news that nobody expected.
I was never a part of your plans.
I'm the reason why life,
As you know it feels like,
It's slipping through your trembling hands.

And the doctor say I'm just an option.
A mistake, you can make, disappear.
I may not have a voice,
But I'm more than a choice.
I'm as real as the heartbeat you hear.

So don't close the book on me yet.
I still got a long way to go.
Empty pages to fill,
And the best part is still down the road.
I am a story untold.

I am God's miracle in the making.
Proof that all things can work for the good.
I am fingers and toes,
And heaven already knows,
The name you'll pick out to me, already belongs to me.

So don't close the book on me yet.
I still got a long way to go.
Empty pages to fill,
And the best part is still down the road.
Oh, I am a story untold.

Every life is sacred.
Every life is a gift.
And every life deserves the chance to live.
I know you're scared,
I know you're scared,
I know you're scared right now.
But when you hear my first cry,
When you look in my eyes,
You'll understand why,
You'll understand why,
Why You brought me to life.

Don't close the book on me yet.
I still got a long way to go.
Empty pages to fill,
And the best part is still down the road.
I am a story untold.
