

# Without You

Matthew West

There's no sun without You tellin' it to rise  
And there's no star without You stretchin' them across the sky  
No raindrop fallin' without You tellin' it where to land  
No ocean wave without the wave of Your hand

There's no me without You  
I can't breathe and I can't move  
Tryin' to go my own way only led me  
Back to what I know is true  
There's no me, no there's no me  
Without You

There's no song without Your mercy's melody  
There's no future without the plans You have for me  
There's no hope without You risin' up from the grave  
And there's no freedom without You chasin' away my shame

And there's no me without You  
I can't breathe and I can't move  
Tryin' to go my own way only led me  
Back to what I know is true  
There's no me, no there's no me  
Without You

Without, without You  
Oh, there's no me without You  
(I know there's no me without You, hey)

The only solid rock on which I stand  
I know by now, all other ground is sinking sand

And there's no me without You  
I can't breathe and I can't move  
Tryin' to go my own way only led me  
Back to what I know is true  
There's no me, no there's no me  
Without You

Without, without You
