

## Those Words

Mattiel

Who's to say it's true or false?  
I'll take it with a grain of salt  
When I hear it  
Yeah, when I hear it  
I used to play it pretty nice  
With that unsolicited advice  
But those words don't mean much  
No, those words don't mean much

What a silly thing to do on a Sunday  
While I'm drinking my cup of coffe  
Outside in the hallway  
How many minutes will it cost?  
And how many hours have I lost?  
Trying so hard to keep you  
From taking my time away

Who's to say it's true or false?  
Or if I'm gonna take your call?  
When it's ringing  
Yeah, when it's ringing  
I used to play that game with you  
A game that I would always lose  
But those words don't mean much  
No, those words don't mean much

What a silly thing to do on a Sunday  
While I'm drinking my cup of coffe  
Outside in the hallway  
And how many minutes will it cost?  
And how many hours have I lost?  
Trying so hard to keep you  
From taking my time away

What a silly thing to do on a Sunday  
While I'm drinking my cup of coffe  
Outside in the hallway  
And how many minutes will it cost?  
And how many hours have I lost?  
Trying so hard to keep you  
From taking my time away

But those words don't mean much  
No, those words don't mean much  
Those words don't mean much  
No, those words don't mean much  
Those words don't mean much  
(What a silly thing to do on a Sunday)  
Those words don't mean much  
Those words don't mean much  
(What a silly thing to do on a Sunday)  
Those words don't mean much
