Wheels Fall Off

Mattiel

I was hiking in the middle of July
Yeah, I was runnin' and I couldn't walk
Out in front of the world naked as a jaybird
I'd rather be silent 'til the wheels fall off

Take a deep breath in
Let a long breath out
And don't you worry 'bout them
Just keep putting those words in your mouth

Talk about a good position to be in
The pleasure and pain are both relative things
I know you like to have more time on the telephone
But I'm afraid to answer it whenever it rings

Take a deep breath in
Let a long breath out
And don't you worry 'bout them
Just keep putting those words
Putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth

I'm sober, now they're smiling for the camera
Talking to the guy with the beautiful hands
The girl can't help it, she was born to please
And she dresses like a businessman

Take a deep breath in
Let a long breath out
And don't you worry 'bout them
Just keep putting those words
Putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth, keep

Keep, keep, keep, keep
Keep, keep, keep, keep
Keep, keep, keep, keep
Keep putting those words in your mouth
Keep, keep, keep, keep
Keep, keep, keep, keep...

Take a deep breath in
Let a long breath out
And don't you worry 'bout them
Just keep putting those words
Putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
Keep putting those words in your mouth
