

My Dear

Matty Mullins

I created you piece by piece,
Made you in my own image perfectly.
I see your face and don't regret a thing,
So why would you? (so why would you?)

There's not a thing about you I don't adore,
So I paid the price that you could never afford.
All I ask is that you trust me now and watch my plan unfold.
There is so much in store!

[Chorus]

Hold on to me when you think you're sinking,
Run to me when it feels like you can't go on.
My dear, cry to me when life is unfair,
Your voice is the sweetest sound to my ear.
Just look to me when you can't see clearly,
Don't be afraid when you feel my spirit near.
My dear, be still and know that I am here,
I've always loved you and I always will!

I've never taken my eyes off of you (eyes off of you),
I hold your hand in every trial that you go through.
You've never been alone (you've never been alone),
I carry you through all the highs and the lows,
So don't let go now there's so much in store!

[Chorus]

Hold on to me when you think you're sinking,
Run to me when it feels like you can't go on.
My dear, cry to me when life is unfair,
Your voice is the sweetest sound to my ear.
Just look to me when you can't see clearly,
Don't be afraid when you feel my spirit near.
My dear, be still and know that I am here,
I've always loved you and I always will!

Be still my love when it's too much to bare,
Know that I'll always be there.
I hear you when you call my name.

I am the answer you've been searching for,
I'll be your refuge, your shelter from the storm.
I am everything you need and more,
Oh, I loved you before you were born!

[Chorus]

Hold on to me when you think you're sinking,
Run to me when it feels like you can't go on.
My dear, cry to me when life is unfair,
Your voice is the sweetest sound to my ear.
Just look to me when you can't see clearly,
Don't be afraid when you feel my spirit near.
My dear, be still and know that I am here,
I've always loved you and I always will!
