

The Best Is yet to Come

Matty Mullins

There's a future and hope
I see it moving in close
There's a light leading home
And its where we want to go

There's a future and hope
I see it moving in close
There's a light leading home
And its where we want to go

Better than we ever imagined
You are the God everlasting
To see the impossible happen
Oh the best is yet to come

Some of it may last for a moment
Yours will be here in the morning
You are the God of the broken
Oh the best is yet to come

There's a day drawing near
Where the chaos will clear
And the tear will disappear
It's where we want to go
Its' where we want to go

Better than we ever imagined
You are the God everlasting
To see the impossible happen
Oh the best is yet to come

Some of it may last for a moment
Yours will be here in the morning
You are the God of the broken
Oh the best is yet to come

One day write all wrongs
And every nation, tribe and tongue
Join as one, sing Your song
The best is yet to come

One day write all wrongs
And every nation, tribe and tongue
Join as one, sing Your song
The best is yet to come

Oh the best is yet to come

Better than we ever imagined
You are the God everlasting
To see the impossible happen
Oh the best is yet to come

Some of it may last for a moment
Yours will be here in the morning
You are the God of the broken
Oh the best is yet to come
