

# Alexander

Maty Noyes

Alexander so beautiful  
But how could I just  
Give it all away for you  
Give it all away for you  
I know I'm probably just  
Another girl in your crazy world  
Is the grass really that green  
Or is it blue? (Is it blue?)  
Yeah

How could you let me walk away?  
You can't forget just how I made you feel  
It breaks my heart just to know you  
It breaks my heart just to know you

Give it all to you

Alexander, wish I never met you  
'Cause I already got everything I need in a man  
And I don't know if I'd mess it up  
Or if I can trust you  
With my heart in your hand

I'm living in a fantasy  
When I have everything I need on earth  
Would you love me through the darkness  
Would you love me on the moon

Give it all to you

Babe, baby  
It's my song, yeah it's my melody  
That you got in my mind  
Baby, baby, baby please  
How can I move on if I don't tell you how I feel?
