Cake

Maty Noyes

Said I'm rich for the first time
I wanna be a freak in the city
I got unlimited energy
You know I'm really, really, really pretty

Hey, you 'bout to eat the cake
You 'bout to shake that waist (You 'bout to shake that waist)
You gonna eat it for days (You gonna eat it for days)
You 'bout to eat that

You see an idea of me
You wanna fuck it for free
I have a sexy understanding
Of who I am

That pussy so unpredictable
Make a grown man miserable
Said he like his hoes minimal
Got my mental health on clinical
Bitch, I'm from the south, I'm hospitable
Somedays I feel invisible
I should take my vitamins and minerals
So I can feel invincible
Use me up and say it's medicinal
I am not your drug, I'm individual, ooh, ooh, ooh

You see an ideal in me
You wanna fuck it for free
I have a sexy understanding
Of who I am

Hey, you 'bout to eat the cake (You 'bout to eat the cake)
You 'bout to shake that waist
You gonna eat it for days
You 'bout to eat that

Eat that kitty-kitty, pussy-pussy, ayy
Lit like a titty-titty in the summertime
Balance, ego, talent, mind
Got you feelin' really shy
Yeah, I got a new man and he love me so good
Yeah, he love me the ways that I wish that you would
Yeah, I got a new man and he love me so good

Hey, you 'bout to eat the cake (You 'bout to eat the cake)
You 'bout to shake that waist (You 'bout to shake that waist)
You gonna eat it for days
You 'bout to eat that

You 'bout to eat that
