Goodbye

Maty Noyes

I need something else to get me through this
Semi-charmed kinda life, baby, yeah
I need someone else
I'm not listening when we say goodbye

We're only eleven months in and it's already feeling like this
I don't wanna figure out how much I'm about to miss you
I know you wanna make me your home, but I'm just a rolling stone
Yeah, its all I've ever known, I know I'm about to miss you

It kinda makes sense on paper
And it kinda feels good right now
It kinda looks good on paper
And you really look good right now, but

I need something else to get me through this
Semi-charmed kinda life, baby, yeah
I need someone else
I'm not listening when we say goodbye

Bye bye bye bye, bye
Goodbye
Bye bye bye bye, bye
Goodbye

I didn't wanna end this way as we gradually fade to grey
But it doesn't matter know how much I'm about to miss you

It kinda makes sense on paper
And it kinda feels good right now
It kinda looks good on paper
And you really look good right now

I need something else to get me through this
Semi-charmed kinda life, baby, yeah
I need someone else
I'm not listening when we say goodbye

Bye bye bye bye, bye
Goodbye
Bye bye bye bye, bye
Goodbye

I need something else to get me through this
Semi-charmed kinda life, baby, yeah
I need someone else
I'm not listening when we say goodbye

We're only eleven months in and it's already feeling like this
