

# Handsome

Maty Noyes

One, two, three, yeah

Hey there, you're checking out my story  
Like you don't care, but every time I look  
I see you right there, why you tryna watch  
My joyride, ride, ride, ride, ride?  
Hey you, why you acting sleazy  
Like some fondue, thinking that I'll ever  
Let you come through, you're staring at my heart  
But boy, bye, bye, bye, bye, bye

You get no second chance  
I'm more man than you'll ever be  
Wear the dress and the pants  
You can't fuck with my energy  
You should cancel your plans  
Get your ass into therapy  
Now you're dead to me

I don't need a man, no  
I just need a manicure  
You was kinda handsome, but  
I am much handsomer (yeah, yeah)  
I don't need a man, no  
I just need a manicure  
(I don't need a man  
I don't, I don't need a man, what?)  
You was kinda handsome, but  
I am much handsomer  
(I don't need a man, no  
I don't need a man, no)

You swipe girls like this city a small town  
I see through your shit like an ultrasound  
You can tell that she your princess (ay)  
She'll never wear my crown  
(She'll never wear my crown)

No second chance  
I'm more man than you'll ever be  
Wear the dress and the pants  
You can't fuck with my— ugh, fuck it

I don't need a man, no  
I just need a manicure  
You was kinda handsome, but  
I am much handsomer  
(I am much handsomer  
I, I am much handsomer)  
I don't need a man, no  
I just need a manicure  
You was kinda handsome, but  
I am much handsomer  
(I don't need a man, no  
I don't need a man, no)

I just need a manicure

(I don't need a man, no)  
I am so much handsomer  
(I don't need a man, no)  
I don't need a man, no)
