

Love Don't Cost A Thang

Maty Noyes

Shed a tear for the life you almost lived baby
5-9 boring wife
But just look at what you found
Never thought you'd leave your town when you came and found me
Across the world dream girl

I could only die with you by my side
Let's go at the same time just enjoy the ride
Up into the sky we can finally fly
We can finally fly
Fly

So what
We've never been afraid to dive in deep
You showed up
We took a chance and jumped into the sea
So what
We're dumb and broke
But love don't cost a thang
Love don't cost a thang

So unfair when you stare
I'm a goner baby
Look away yeah I tried but

I could only die with you by my side
Let's go at the same time just enjoy the ride
Up into the sky we can finally fly
We can finally fly
Fly

So what
We've never been afraid to dive in deep
You showed up
We took a chance and jumped into the sea
So what
We're dumb and broke
But love don't cost a thang
Love don't cost a thang

So what
I'm a ticking time bomb
I til figure it out
Til I'm flipping backwards
I've just been in love and I need it so don't you ever go

My love my love my love don't cost a thang love don't cost a thang
My love my love my love don't cost a thang love don't cost a thang

So what
We've never been afraid to dive in deep
You showed up
We took a chance and jumped into the sea
So what
We're dumb and broke
But love don't cost a thang
Love don't cost a thang
