

No Rush

Maude Latour

She was into blue dresses, sweet kisses
Temperamental, so vicious
Eye shadow, nice dishes
Sentimental, fresh and delicious
CDs and records, chattin' with your neighbour
Never stay long, yeah, she's always see ya later
And she's seeing me later

Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush
Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush

Sometimes when she's blushin'
I'm thinking I dedicate the singin'
Soundtrack the love and we listen while we're drinkin'
We stay out for three rounds
She says she wants to leave now
She can take me anywhere but we go downtown
Yeah, we take the train downtown

Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush
Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush

And everything is sweet and I love it
It's so fun to fall in love
And she's taking pictures on my bed
Postin' on the internet
No rush, so cute, I blush
No rush, so cute, I blush

Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush
Take my time, yeah, I just do whatever
There's no rush, I just get better
She'll give you all of her love if you let her
No rush, so cute, I blush

No rush
