

Officially Mine

Maude Latour

Taking you in on the corner in the rain
Bag on your shoulder, wearing my sweatshirt
Loving you is dangerous
I'll never be the same
They'll write bibles about us forever

Go go go, gimme that life
Gimme that super sweet
Gimme that high
Go go go, can we just fly
Gimme that twenty thousand jets in the sky
I made a wish last night
You were officially mine, officially mine

I'll go back to the boardwalk
Playing basketball
We win all the prizes but you're what I want
'Cause I dream about going too fast
Something that'll last
The classics type of record that always comes back
Glitter in your hair, diamonds in your eyes
Even when you tell me sweet lies

Go go go, gimme that life
Gimme that super sweet
Gimme that high
Go go go, can we just fly
Gimme that twenty thousand jets in the sky
I made a wish last night
You were officially mine, officially mine

Go go go, gimme that life
Gimme that super sweet
Gimme that high
Go go go, can we just fly
Gimme that twenty thousand jets in the sky
I made a wish last night
You were officially mine, officially mine

I made a wish last night
You were officially mine, officially mine
