Reverse

Maude Latour

I try to give you the stuff that you left in my room
But, you never pick up
You don't really wanna talk too much
Guess you're forget who I was

I don't know, will I ever be your love again?
I don't know
Let me know, was it real or was it all pretend?
I don't know

So, I watch us in reverse (Reverse)
Tryna find out where it hurts (It hurts)
Our last kiss until our first (Our first)
Guess we got what we deserve
Guess we got what we deserve

Tears in the taxi
I cry in the backseat
How did we get so far apart?
And I'm up all night
I forget why we fight
So I work my way back to the start

I don't know, will I ever be your love again?
I don't know
Let me know, was it real or was it all pretend?
I don't know

So, I watch us in reverse (Reverse)
Tryna find out where it hurts (It hurts)
Our last kiss until our first (Our first)
Guess we got what we deserve
Guess we got what we deserve

I watch us in reverse (Reverse)
Tryna find out where it hurts (It hurts)
Our last kiss until our first (Our first)
Guess we got what we deserve
Guess we got what we deserve

And I see you for the first time
The way I saw you there the first night
Baby, we're stuck on rewind
I play it all the time

So, I watch us in reverse
(Will I ever be your love again?)
Our last kiss until our first
(Was it real or was it all pretend?)

I watch us in reverse (Reverse)
Tryna find out where it hurts (It hurts)
Our last kiss until our first (Our first)
Guess we got what we deserve (Was it real or was it all pretend?)
Guess we got what we deserve

Will I ever be your love again?

Was it real or was it all pretend?
