

Shoot And Run

Maude Latour

You look so good, I think you're the one
I can't help but stare lately
You're pulling me in, you're everything I want
Damn, it's so unfair baby
I'll give you it all, but it's not enough
Love just really scares me
And they say that I'ma fuck it up
But, you don't really care, maybe

But, baby, you know that I just misbehave
I'm not the type who can sit down and stay
I don't deserve you as much as I want to
So bad, so bad

But if you wanna go, I'll be your best mistake
All's fair in love and war, that's just how we play
And baby, I don't keep my promises, I just shoot and run
You know it from the start, I'll only break your heart
I'll break your heart

And we go, wind in my hair
Driving through the light
The way you move and everything you do
Makes me wanna stay the night
But, I know you too well and I'ma make you bleed
I can never do you right
And I don't wanna see you cry
And I'm the reason why

But, baby, you know that I just misbehave
I'm not the type who can sit down and stay
I don't deserve you as much as I want to
So bad, so bad

But if you wanna go, I'll be your best mistake
All's fair in love and war, that's just how we play
And baby, I don't keep my promises, I just shoot and run
You know it from the start, I'll only break your heart
I'll break your heart

And I think I love you
But babe, I don't want to
I'm only gonna mess around
And you make it worth it
But I don't deserve it
I'm only gonna let you down

But if you wanna go, I'll be your best mistake
All's fair in love and war, that's just how we play
And baby, I don't keep my promises, I just shoot and run
You know it from the start, I'll only break your heart
I'll break your heart

You know it from the start
I'll only break your heart
I'll break your heart
