

# Sadness

Mavado

My Son, until that day when our souls meet again  
Guidance and protection  
Reach out to all the lost long gone souls  
Even my father was a Rastaman pan the battlefield, enuh  
Selassie I, your son remember the I

Sadness from you're gone, Jah know it's sadness  
Sadness from you're gone, daddy it's sadness  
I remember day goes by when it was gladness  
Now is sadness from you're gone, sadness from you're gone  
Sadness from you're gone, Jah know it's sadness  
Sadness from you're gone, daddy it's sadness  
I remember day goes by when it was gladness  
Now is sadness from you're gone, sadness from you're gone

Remember when we used to smoke together  
Sit and chat about life and run joke together  
Even though, you were my father  
We stick together as a friend or even as a bredda, yeah  
But now you're gone, Jah Jah know  
It hurts me deep inside, Jah Jah know  
Jah Jah know, only Jah Jah know  
Mama Omega know what I'm going through

Sadness from you're gone, Jah know it's sadness  
Sadness from you're gone, sadness

Now is sadness from you're gone, sadness from you're gone  
Sadness from you're gone, Jah know it's sadness  
Sadness from you're gone, Jah know it's sadness  
I remember day goes by when it was gladness
