

Call Me

Maverick Sabre

Ooh

Ooh

Just like, just like, just like

Whoa

Till I'm not just like, just like, just like

Whoa

So call me

I'll be there in a minute

Only there when you need it

So call me

I'll be there in a minute

Yeah

I wish you would call the same

Darling, we can work this out

We should give my life

Mmm, I know I'm a fool to share

Tell me what do I do to feel your breath?

Don't like the mood you're setting

Don't like the truth you speak of

'Cause it's all that I don't see

Not trying to keep away but

All I could do was wait in here

So call me

I'll be there in a minute

Only there when you need it

Call me

I'll be there in a minute

(Reset it, Selector)

Sorry never seems enough

Sorry no, just call me, just call me

Hold me

Call me up to call me out

Call me in, just call me, please just call me

So call me

I'll be there in a minute

Only there if you need it

Call me

I'll be there in a minute

Oh
