

# Push On Thru

Maverick Sabre

Dedicated to everybody having a rough time out there, this is inspiration

Ras Kass, Brady Watt  
Bass and Bars come on

I speak Words of Life into mics  
Then multiply the bread like Christ  
Take from The Haves and fight for the Have Nots  
Been sculpting stain glass windows since the sandbox  
A prodigy, like my nigga Prodigy, pardon me  
A part of me miss P periodically  
Probably party in Paradise; 'Pac & B.I.G  
Pray for peace - Line of David, Martin and all my Kings

Promise rings for all my Queens  
I got you, you got me - we all agreed  
No Man Left Behind, but that black cheese got me  
Ready to glock squeeze, bust off like a cocktease  
Swap-meets corrupted teens that pop 'P''s  
And sniff snow up they nose so much their snot freeze  
We self medicate - grind don't stop. The climb don't stop  
Trying to reach the mountain top

Every day in this place I'm from  
Nothing changes the same result  
A heavy weight makes a long way home  
Push on thru push on thru

Every day in this place I'm from  
Nothing changes the same result  
A heavy weight makes a long way home  
Push on thru push on thru

Media don't elevate us, schools miseducate us  
Wrong direction - the only True North is straight up  
The struggle is real I knew it  
Gotta do what you gotta do until you ain't do it  
Feel like I'm channeling the talisman from G Rap  
We meet at tracks and swing bats at Sea Biscuit kneecap  
Feed me pure Hip-Hop I need that  
Grimy type of spot smack the soundman for the feedback  
Trying to do right but being broke make me relapse  
A nigga dream: Popeyes Chicken Sandwiches & Pre-Wraps  
Asking "where the G's at?" dead or in prison  
They want to steal the jewel out my head like Vision  
I'm a literary artist, bars be broken hearted  
From Mt. Kilimanjaro got us living in antarctic  
So the grind don't stop, the climb don't stop  
We die near the summit trying to find the mountain top

Every day in this place I'm from  
Nothing changes the same result  
A heavy weight makes a long way home  
Push on thru push on thru

Every day in this place I'm from

A heavy weight makes a long way home  
Push on thru push on thru
