Roll Out

Maverick Sabre

```
Roll out
Roll in
It's heavy on the top
Can you put your work in?
Go now
It's worth it
They won't ever stop 'til the see it burning
Roll out
Roll in
It's heavy on the top
Can you put your work in?
Go now
It's worth it
They won't ever stop 'til the see it burning
Still I hear the bird sweet singing from the coal mine
Sally are you okay?
Tell me are you alright?
Saw the spaceman wave down as he goes by
Watch the money blow by
Everybody knows why
Why don't you wait for me?
Told me rob
Told me steal
Now you gonna change on me
Hide the kids from the crown
Said obey them 'til we bow
When it's war
Then they're calling you out
First up
Roll out
Roll in
It's heavy on the top
Can you put your work in?
Go now
It's worth it
They won't ever stop 'til the see it burning
Roll out
Roll in
It's heavy on the top
Can you put your work in?
Go now
It's worth it
They won't ever stop 'til the see it burning
Roll out
Roll in
It's heavy on the top
Can you put your work in?
Go now
It's worth it
They won't ever stop 'til the see it burning
```

Roll out

Can you put your work in?
