

Through It All

Maverick Sabre

Do you hear these conversations
Or do you whisper through the fear?
Can you heal the situation?
'Cause I can feel it comin' near

Love is the only peace
We just need time
Show me a sign, oh
Love is the remedy
Just give me tonight
Just give me tonight

Through it all

Through it all
You've got all my devotion
(Oh, my, my, my, my
Oh, my, my, my)

Runnin' round without the wonder
I wonder what tomorrow brings (oh-oh-oh-oh)
Shine a lightning through the thunder
In every moment you exist

Love is the only peace
We just need time
Show me a sign, oh
Love is the remedy
Just give me tonight
Just give me tonight

Through it all

Through it all
You've got all my devotion
(Oh, my, my, my, my
Oh, my, my, my)
Through it all
(Through it all)

(Oh, my, my, my, my
Oh, my, my, my)
Through it all
You've got all my devotion
