MAVI

Yeah, I can't see you (Shining)
I can't see you, I can't see you
I can't, I can't see you, I can't
Ooh, I can't (See you shining), I can't, I can't
Yeah

They looking through me, you don't see me
I thought I made it out the sea, but I was dreaming
Ursa Major was the ladle, come and scoop me
My heart was banging out the cage, they caught us speeding
We hid the babies in the framing of the hoopty
I was hugged and I was cuddled, I was smuggled
Across the puddle, thought my destiny was struggle
God had impressed on me the message, scribbled sluggish
I tried my best, repeated yells was all I mustered
Performed surgery on myself with just a cudgel
I'm more certain about my death than my construction
I pull smoke 'til I'm out of breath to try to function
The guiding sun for my lil' brother, my combustion
I'm a robot for the media, show bones off from the preening
I've been roped off when you seen me now
Choked off from the scenery, post-
op, it just prolonging my lease again
My phone off, won't hold regard for reaches in

I drink 'til I can't feel it
At least I think, 'cause I can't remember shit, ooh
I drink 'til I can't feel it
At least I think, 'cause I can't remember shit, ooh-ooh
I drink 'til I can't feel it
At least I think, 'cause I can't remember shit, ooh
I drink 'til I can't feel it (Ooh-ooh, ooh-ooh)
At least I think, 'cause I can't remember shit, uh

Oh my God, my Lord and Savior
I know that I'm blessed, I am touched
Put all of my pain in this cup
I swear I'm done feeling
Oh my God, my Lord and Savior
I know that I'm blessed, I am touched
Put all of this pain in my cup
I swear I'm done feeling
Oh my God, oh my God
Oh my God, oh my God
(Oh my God, my Lord and Savior)
Oh my God, oh my God
Oh my God, oh my God
I can see you shining
I can see you shining
