

Down and I'm out
My plug in a drought
My bitch she done left me alone
She said she ain't coming back home
I can't even blame her I know I was wrong
I'll probably plan for this shit all alone
I ain't been praying it's killing my soul
I swear I'm feeling my heart getting cold
But I'm blowing feelings away with the smoke
My family feeling a way cause I'm stay in my way
And they see in my face that I'm gone
I'm going numb to the ish or I'm done with this shit
I'm just keeping niggas on their toes
I'm going numb to the ish or I'm done with this shit
I'm just doing this shit for the bros
I'm going numb to the shit so I'm done with this shit
I'm just doing this shit for the bros
(Yeah that's good)
