I gotta vacuum seal my business, I know what loose lips will do
I got some pack concealed in my denim, tryna serve you and you
I ain't got plaque yet but my dentist said my smile'll bring me
a few
Inch to a mile and turn it to two, bring home a pound and turn
it to food
It's really down inside of this Polo down bubble like Canada Go
ose
Breaking the rim like 32, I came from the breed of a .38
Hot as the bench you was burning through when we was outside re
ally working plays
I'm getting higher than the murder rate every day, what more ca
n I say?
Please don't lose your mind with us, we'll help you find it in
the worst way, yeah
Really a don in my birthplace, Ricky, not Converse, I'm worth p

Whipping a Honda in the third lane, why is you crying like you
hurt, bae?
You wasn't mine in the first place (Surf Gang, baby), on purpos
e, what more can I say?
The city been mine, now I'm just passing off the mic to Benjami
n Frank
I got a bond with Benjamin Frank, my nigga been gettin' my safe
in shape
That chicken and swine don't taste the same, shit on the line s
o I play the game
Straight from the bottom I made a name, callin' on mine, did yo
u pray today?
Sending a flight for my favorite dame, she waiting on MAVI to s
ave the day
We've been on the grind from eight to eight, beatin' down your
block like a 808
Filling up my stock case-by-
case, MESSIAH! my name, she sing my praises
We the A-
team, some Great Danes, since eighteen I been chasing stains
Hit Mei Ling with a melee, we charging eighty beans for a eight
h play
Everyday I breathe is my payday, readin' my daily bread tryna b
ake a cake

Been working late, tryna stay awake, but this pack Loud yelling
in my face

Breaking the rim like 32 (Yeah), I came from the breed of a .38
Hot as the bench you was burning through when we was outside re
ally working plays

I'm getting higher than the murder rate every day, what more ca
n I say?

Please don't lose your mind with us, we'll help you find it in
the worst way, yeah
