

the giver

MAVI

Yeah

(Uh-uh, uh)

(Uh, uh)

Yeah

Uh

She loves me, she loves me not, I'll find you in another's eyes
The promise of another life cool, but what's on the other side?
With whom you gonna trudge the isle, loopin' arms if wasn't mine

For whom you gon' become a bride, the moon I flung among the skies

Who view you as another guy, I'd surely love to meet him

If this church could come in other sizes, otherwise

I much prefer surprising who's your love and die

I struck that line but it just crept eruptin' from inside, I want you to be happy

Are you happy with another guy? Who's rapped to me, is he just as fine?

It's rattlin', not gonna lie, is that enough to cut a tie?

Don't mean to blow you up this time of night, can't scrub you from my mind

I'm trippin', draggin' your fashion up, some reply

Just make it make sense to me, yeah

Am I so much of a stain to you? Mistake to you?

You can't erase history, yeah

Everything I ever gave to you, he gaining from you

Making plays pinching me, yeah

I was crazy making you wait on me, I'm late

But I ain't think you'd take shifts from me, yeah

All the ways I made you hate me, I could change it

Baby, make it make sense

(Ba-ba-da, ba-da, ba, ba, oh, oh)

(Ba-ba-da, ba-da, ba, ba, oh, oh)

(Ba-ba-ba, ba-da, ba, ba, oh, oh, oh)

(Oh, oh, oh)

(Ba-ba-da, ba-da, ba, ba, oh, oh) Make sense

(Ba-ba-da, ba-

da, ba, ba, oh, oh) Baby girl, you make it make sense

(Ba-ba-da, ba-da, ba, ba, oh, oh, oh)

(Doo-doo-doo, doo-doo)

(Oh, oh)
