

Falling In Love

Mavis Staples

Anybody here?
Is there anyone?
Is there a soul that wants to fall in love?
Ooh-ooh-ooh
Anybody here?
Anyone at all?
Who has a heart and wants fall in love?
Fall in love
That's what I wanna do

Fall in love, all night long
Fall in love, all night long
Fall in love, all night long
Won't you fall in love with me?

Can I give to you what I feel inside?
I cannot lie 'cause I want to fall in love
Ooh-ooh-ooh
Gentle me with love, rub my soul with kisses
I won't resist it
'Cause I want, I wanna fall in love
Fall in love
That's what I wanna do, woah

Fall in love, all night long
Fall in love, all night long
Fall in love, all night long
Won't you fall in love with me?

Won't you fall in love with me? (All night long)
Come and fall in love (Fall in love)
Won't you fall in love with me? (All night long)
Come and fall in love (Fall in love)
Won't you fall in love with me? (All night long)
Come and fall in love (Fall in love)
Won't you fall in love with me? (All night)
Rub my soul with kisses (Fall in love)
All night long
Fall in love (All night long)
Take me in your arms (Fall in love)
All night, all night (All night)
(Fall in love) All night long
Fall in love (All night long)
That's what I wanna do now
(Fall in love) All night
I just want you to, ooh
Fall in love, all night long (In love, in love)
Fall in love (Fall in love all night long)
Falling in love
(Fall in love all night long)
(Fall in love)
