

# God Is Not Sleeping

Mavis Staples

God is not sleeping, no  
You got to believe it

He's the only one I know  
Who never refuse me, never deceive me  
In the struggles of my life  
He's right there beside me  
Protect me and guide me  
From the hills cometh Thy words  
And those words live in my soul  
That's why I know, I know

God is not sleeping, no no  
You've got to believe it, hang on  
Whatever your need is, hold on  
God is not sleeping, no no

In the stillness of the night  
In every corner of the world  
While we are sleeping  
He is still working  
When the prayers go up  
The blessings come down  
Yes, He is working  
He never stops working

God is not sleeping, no no  
You've got to believe it, hang on  
Whatever your dream is, hold on  
God is not sleeping, no

Everything I have is temporary, only love is necessary  
Everything I own is temporary, only love is necessary  
Everything I have is temporary, only love is necessary  
Everything I own is temporary, only God's love is necessary  
Necessary, necessary, necessary  
God is not sleeping, no no

Whatever your dream is, hold on  
God is not sleeping, no no  
Whatever our dream is, hang on  
God is not sleeping, oh no  
God is not sleeping, no

He's always, always there for me  
God is not sleeping, no no

In every corner of the world  
While we are sleeping  
He is still working
