

# Have A Little Faith

Mavis Staples

Have a little faith, I say  
Have a little faith, my friend  
We've got to help each other  
Through thick and thin  
These are trying times  
That we're living in  
Have a little faith, I say  
Have a little faith, my friend

We got trouble  
Everywhere around the world  
There's not a safe place to be  
For any woman, man, boy, or girl  
And everywhere you turn  
There's destruction and pain  
You get a mouthful of promises  
And a hat full of rain

Just have a little faith, I say  
Have a little faith, my friend  
We've got to help each other  
Through thick and thin  
These are trying times  
That we're living in  
Have a little faith, I say  
Have a little faith, my friend

There's evil all around us  
We've got to rise above  
Got to fight the good fight  
With that war with love  
Hold on, hold on  
Help is on the way  
There's a better tomorrow  
I can feel it today

Now, have a little faith, I say  
Have a little faith, my friend  
We've got to help each other  
Through thick and thin  
These are trying times  
That we're living in  
Oh, have a little faith, I say  
Have a little faith, my friend

(Have a little bit of faith)  
Have a little bit of faith  
(Just a little bit of faith)  
Just a little bit of faith  
(Have a little bit of faith)  
Have a little bit of faith

Have a little faith, I say  
Have a little faith, my friend  
We've got to help each other  
Through thick and thin  
These are trying times

That we're living in  
Have a little faith, I say  
Just a little faith, my friend

Have a little faith, I say  
Have a little faith, my friend  
Have a little faith, I say  
Have a little faith

Hah, have a little bit faith, I say  
Mmm  
Have a little bit of faith  
Mmm-hmm  
A little bit of faith  
About the size of a mustard seed  
Little bit of faith  
I tell you that's all we need  
Everything is gonna be alright  
Everything is gonna be alright...
