

I Still Believe In You

Mavis Staples

I still believe
I still believe

I still believe in you
I still believe
I still believe in you
I still believe
I still believe in you
I still believe
I still believe in you

When outside pressures knock you to your knees
Come rest in my arms, I'll give you release
When they try to destroy your confidence
Don't give them the satisfaction, not at your expense
'Cause you got a friend who'll see you through
The whole world can turn its back but I still believe in you

I still believe in you (I do)
I still believe (Oh)
I still believe in you (I believe in you)
I still believe

I still believe in you (I do)
I still believe (Believe in you)
I still believe in you (Ah)
I still believe

Nothin' can shake my faith in you
Though many tried, they could not break through
My conviction is strong, my love is stronger still
I know without a doubt you can get over any hill
I will encourage you, in everything you do
Even when you doubt yourself, I still believe in you

I still believe in you (I do)
I still believe (I do)
I still believe in you (Believe in you)
I still believe (Oh)

I still believe in you (I believe in you)
I still believe (I believe in you)
I still believe in you
I still believe

I've watched you stumble, but never fall
Seems like time and time again, your back's against the wall
I've felt the pain you sometimes had to suffer through
But I shall not be moved, I still believe in you

I still believe in you (I do)
I still believe (I do)
I still believe in you (Believe in you)
I still believe (I do)

I still believe in you (I do)
I still believe (Believe in you)

I still believe in you (Believe in you)
I still believe

I still believe in you
I still believe
I still believe in you
I still believe
