

## Pick Up The Pieces

Mavis Staples

Hey boy, we're drifting apart  
We keep breaking each other's hearts  
But how long, can things go on  
Before all our love is gone

Can we pick up the pieces baby  
Can we pick up the pieces  
And start all over  
Start all over  
I don't wanna lose you baby

We keep acting, like little children  
Playing games that's so unfair  
We keep stepping on each other's feelings  
When deep down, deep down we really, really care

Got to, got to pick up the pieces baby  
We got to, got to pick up the pieces now  
And start all over  
Start all over

I know we can make it  
This time we can go all the way  
'Cause I realize the cost of losing you  
Is too high a price, oh, for me to pay  
Oh baby baby baby  
I just can't stand to lose you now

Hey boy, we're drifting apart  
We keep breaking each other's hearts  
But how long, can things go on  
Before all our love is gone

Got to, got to pick up the pieces baby  
We got to, got to pick up the pieces ooh ooh  
Got to get together, darling  
'Cause I need you right, here by my side  
Oh, come on back  
Baby, come on back  
Oh ooh wee  
Got to get the pieces together now...
