Impossible  
Montana  
Ooh impossible  
You know what they said when I told 'em my boy coming home?  
It's impossible (Haha)  
Arm and Hammer  
Tell the sun to leave the sky  
Wavy Crockett  
It's just impossible (It's impossible)  
Coke Wave  
Them Wavy Boys back, hah?  
It's impossible  
What they gon' do now?  
It's impossible, ask a baby not to cry (Hollywood)  
It's just impossible (Yeah)  
Get 'em, Max

I need a thousand dollar bag of that  
Look, I took the game and put it right back where I had it at  
Back up in the streets, fuck with me, I wasn't having that  
I got that animal ambition  
Back in the kitchen, back up in my habitat  
Money start to gravitate  
These niggas ain't pop up until I got a date, typical leeches  
I'm on them beaches with peaches, see we just play in the sheets  
Streets, let my brother layin' in peace  
Makes you wonder how I could of turned out  
Dark shades, permed out, eighteen and shermed out  
Now I swerve out  
Special shout to them bitches that held me back  
I relied on the word of mouth, Hollywood  
Baby pussy probably good, I don't really know  
Got a couple lil' niggas, did a couple videos  
Said she never really had shit, daddy was always higher  
Listen, Sugar Mama, you're preaching to the choir  
Seen his body on the flyers, since a kid I had the pride  
Seven figures is cool, me and wifey 'bout to retire  
Got the big house, don't put them niggas in the big house  
Nothin' in my way, I got a clear route, Hollywood

Impossible (Hollywood)  
Ooh impossible (Hollywood)  
Hollywood (California)  
Impossible (Holly-Hollywood)  
Ooh impossible (Hol-Hol-Hollywood)

Hollywood, Momma look  
All the prices and the sacrifices, now we got it good, Hollywood  
Money root of evil, in Hollywood  
Couple M's make you the Devil, I guess being broke gets you to heaven  
Yeah I'm fleek from the socks, to the rooftops when I'm steppin' out  
Broke have you point a MAC-11 to the reverend's mouth  
And any day could be your last in the jungle  
Bullets blast, niggas humble, first his 'vance was a bundle  
Sun Tzu with the Art of War, Coke Wave part four  
Porsche box, southpaw  
Been ballin', outdoor

Militant, like the nation of Islam  
Live Nation, ten milli', don't be silly, hottest in my city  
Foundation under the committee  
Hundred M's and the thirties and the forties, gunnin' for that billi'  
From the block, hot sauce  
Handlin' the rock  
From the bottom to the top chart  
Montana, Rockstar  
Bulletproof suburban, like I'm Juliani  
Duck a Rockefeller law, but [?]  
[?], masturbating to the Forbes  
Thirty six M's, thirty six strategies of war  
Montana

Impossible (Hollywood)

Hollywood, Hollywood (Hollywood)  
Hollywood (Hollywood)
