They see us, we from the gutter

They see us in the leather, they can't believe that it's butter

You know my niggas is thugs, they shoot for the bread

Shouts to the [?] only hit you in the feds

They tryna see a nigga jailed, see a nigga fail

They don't want us doing it big, seeing us prevail

Running trains on the tracks, you need another rail

Fuckin' [?] in the back, till they see me make a sale

You ain't see me make a sale, you just ridin' my dick

Cuz I'm poppin', gettin' this money, eatin' very well

I got a 60 a gram, you need to get a scale

I UPS ya figures, put your feet in the mail, bitch
