We was on 33rd, I was chillin' with Smoove
Had a lotta piff in the air, I was feelin' the groove
Seen a lil' young bitch, nice lil' hips, I was ready
Told me that she wanna go steady
Ready, fuck her on the first day, want you in the worst way
Shorty tried to put it on me
Lonely, Maxi, baby, wavy
Pour it in me more like Katie
Hit it on the strip like "Oww, Oww"
Pretty bitches is wild, they be lovin' my style
Money, got it in pounds
Baby won't you come and perform
She be tremblin', shakin', I can make her cum in her drawers
I can hit it from the back, smack it till it's red
I'm a sit it on the lap, she back up in the bed

I'm a get 'em, hit 'em with the head like I filled 'em with lead
Bitch, go get my muthafuckin' bread
Dig it

You have to battle if you want my ho
Y'all can't have none of that, tell 'em what to say Max
Say, no go
