It's ya boy Biggavel'

Well at first I caught you creepin'
Wasn't even sleep when she hit the speaker and bleeped him
Peeped him, my nigga Page called said he would beat him, leak him
I told my nigga "Chill, that'd be cheatin'", Owwww
Used to spend and give ya money
We used to make love, lemme lick and dip in ya honey, it's funny
Because before you it was the money, she want me
Told me pull it out and don't leave it coming, ouuuut

(I came)
Oh shit baby my bad
(You came)
It's the way you moving your ass
(Stop playing)
Before I even gave you some ass
You shoulda told me that you was gon' cum
(You came)
Baby I didn't mean to do it
(I came)
Your pussy leaks when ya need the fluid
(Stop playing)
Before I even gave you my pussy
You shoulda told me that you was gon' cum

Is he the reason that my phone couldn't bleep ya
I heard he treat you bad, heard he beat ya
Bring that pussy home like you used to do
I'm still on my grind, I'm gettin' money
Light the sour up so I can get a buuh-uzzz

I used to play with' her, lay with' her, mate with' her
5 nights out the week, stay with' her
Listen babygirl I used to say to her "Why you actin' stank?
Too much smoking and less talkin' bitch, won't you crush that dank"
Won't you tell me that you love me, hug me, choose me
Your smiling face, mixed the Grand Creezy with a smoothie
Poppa's in a movie, poppa got a Uzi
He moves it, plus he won't hesistate to use it
Baby why you stressin', lemme get another shot
Keep it comin' by the dozen, lemme get another rock
