

## 5 Missing Calls

Max Barskikh (Макс Барских)

Just let it go, fuck how you feel  
You deserve better, better than him  
Just go get your own space  
He didn't love you in the first place  
Five missing calls, losing your sleep  
You will find better, better than him  
Just don't let yourself down  
He will be begging to get back around

Can't get him out of your head  
He was never beside you  
Just up in their head  
Random texting his IG  
He still talks to his ex  
Disappearing on Fridays  
Going out with his friends  
Never want to invite ya

Baby, baby, don't cry yourself to sleep  
You'll find a way to get over him  
Don't feel left out, boost your self-esteem  
It's so nice and sweet, you're worth a diamond ring

Just let it go, fuck how you feel  
You deserve better, better than him  
Just go get your own space  
He didn't love you in the first place  
Five missing calls, losing your sleep  
You will find better, better than him  
Just don't let yourself down  
He will be begging to get back around

Now that he's gone you live in your phone  
You always stay home, sad and alone  
Cancel your plans, inviting your friends  
Sending drunk texts, thinking what's next

Baby, baby don't let it cut you deep  
We'll find a way to get out of here  
Let the memories fade, boost your self-esteem  
It's so nice and sweet, you're worth a diamond ring

Just let it go, fuck how you feel  
You deserve better, better than him  
Just go get your own space  
He didn't love you in the first place  
Five missing calls, losing your sleep  
You will find better, better than him  
Just don't let yourself down  
He will be begging to get back around
