Alive

Max Barskih (Макс Барских)

Every moment of my life, when the sun turns on the light
Can you make me feel alive, alive, alive, alive?
All the wishes in my mind, when the day falls into night
Girl, you make me feel alive, alive, alive, alive

I'm living out of time
Enjoy my crazy life and I won't sleep tonight
I feel my wings, behind my back, and nothing can resist
Until you're here, until you're mine, as long as you exist

Every moment of my life, when the sun turns on the light
Can you make me feel alive, alive, alive, alive?
All the wishes in my mind, when the day falls into night
Girl, you make me feel alive, alive, alive, alive

I make mistakes sometimes, in the world that's full of lies
But I can close my eyes, tonight
I'm leaving fears in the past, the point is to live
A dream of you becomes warm, the reason to stay you give

Every moment of my life, when the sun turns on the light
Can you make me feel alive, alive, alive, alive?
All the wishes in my mind, when the day falls into night
Girl, you make me feel alive, alive, alive, alive

Every moment of my life, when the sun turns on the light
Can you make me feel alive, alive, alive, alive?
All the wishes in my mind, when the day falls into night
Girl, you make me feel alive, alive, alive, alive

Every moment of my life, when the sun turns on the light
Can you make me feel alive, alive, alive, alive?
All the wishes in my mind, when the day falls into night
Girl, you make me feel alive, alive, alive, alive
