Dance

Max Barskih (Макс Барских)

I just wanna dance... dance...

What the hell is going on?
Music stops and beat goes on
So I stand in the crowd
Club is dancing anyway
Guess my brain is not okay
'Cause I hear different sounds

Music's going on and makes me dance
Crowd is screaming "Oh" right in my head
Faces in the dark begin to blur
Only thing that I wanna, wanna, wanna

I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance
I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance
I just need to

Now I have no time to think
In my hand another drink
And I'm out of control
Used to live inside my mind
But tonight I'll start a fight
With myself, I turn up my love

Music's going on and makes me dance
Crowd is screaming "Oh" right in my head
Faces in the dark begin to blur
Only thing that I wanna, wanna, wanna

I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance
I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance
I just need to dance

And you can bet on me, you can do it again
I'm out of love tonight, just one single man
Music bails me out, I do all the things
That I wanna, wanna, wanna, really wanna do

Music's going on and makes me dance
Crowd is screaming "Oh" in my head
Faces in the dark begin to blur
Only thing that I wanna, wanna, wanna

Music's going on and makes me dance
Crowd is screaming "Oh" right in my head
Faces in the dark begin to blur
Only thing that I wanna, wanna, wanna

I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance
I just wanna da-da-da-da-da-dance
I just need to da-da-da-da-da-dance

I just need to
