

Rich

Max Barskikh (Макс Барских)

I'm rich, yeah
Got your fame raining down on me
I'm rich, yeah
Spending all these dollar bills
I'm rich, yeah
I'm shining anywhere I go
I'm rich, yeah
Look like diamonds, taste like gold

Speeding down the highway
Every day is my day
Every day is Friday
Get down
Weekends on the islands
Try to find my balance
Shopping sprees in Paris

I was grinding in diamond since 14
I came from nothing to something
And I believe
Now I got all the things I want
Bottoms up (Hey, stop)
Only got one life to live

I'm rich, yeah
Got your fame raining down on me
I'm rich, yeah
Spending all these dollar bills
I'm rich, yeah
I'm shining anywhere I go
I'm rich, yeah
Look like diamonds, taste like gold

People smiling, dress up nicely
Speak politely when you pay
I'm getting out of line
I'm all pricey, ain't no problem
Stacking paper every day
Made it to the top

I was working my ass off to pay my bills
And now I hire people to work for me
Things have changed the way I planned
Gold on my hands (Hey, stop)
Only got one life to live

I'm rich, yeah
Got your fame raining down on me
I'm rich, yeah
Spending all these dollar bills
I'm rich, yeah
I'm shining anywhere I go
I'm rich, yeah
Look like diamonds, taste like gold

I love, I love
To spend my money

I love, I love
To spend my money
I love, I love
To spend my money
I love, I love
To spend my money

I go nice and slow
I love to spend my money
I don't sell my soul
I love to spend my money
I go like shining gold
I love to spend my money
Risk it all, rich or broke
I love to spend my money
