□ □ yeah, scream yeah

In my dark room
The sound of breathing that just can't be hidden
The heart fluttering feeling can't be hidden either
It feels a bit awkward, I'm already stiff

Your softly batting eyelashes
Tickles me
I want to block the light
From the windows and fill you up

It'll be engraved in our hearts, heaven's day
Be my chou-cream yeah scream yeah
So you can't leave me please take my breath away
Right now, we're yeah, scream, yeah

Just for once
I hate the clock hands for not stopping
Our hands are entwined with no space left
There might not be enough air here
Keep going on and on

It makes it hard for me to hold it in
Your dazzling, unruly, tangled hair
A kiss sweeter than chocolate
A scene that I'll never forget

It'll be engraved in our hearts, heaven's day
Be my chou-cream yeah scream yeah

So you can't leave me please take my breath away
Right now, we're yeah, scream, yeah

Ah I'm standing next to you, burn like a fire
If I say I'm already filled up with you, I'm a liar
The night overflows with our own tap
I'm your man, I'm still thirsty for you

Your body calls out to me, I'm stubborn, it has to be you
Make luv luv make it right make
Even after tonight, be mine
Hoping for a spellbound magic

It'll be engraved in our hearts, heaven's day
Be my chou-cream yeah scream yeah
So you can't leave me please take my breath away
Right now, we're yeah, scream, yeah
